

Spreadsheet Server Launch Promotion

Next Generation of XL Connect

Real-Time Reporting that Connects to Epicor Data Directly in Excel

Spreadsheet Server works as an intuitive Microsoft add-in providing live reporting and analysis from your Epicor ERP into Excel.

Save time and reduce risk by eliminating manual reporting processes

- Real-time connections and reporting across multiple sources, directly from Excel
- Create reports without relying on IT or expensive consultants
- Drill down to sub-ledger detail in your Epicor ERP platform
- Access time-saving, pre-configured queries from your peers via a cloud-based library
- Combine and report on data from multiple sources to show the big picture.
- Automate the distribution of reports to reduce month-end effort
- Get up and running fast with an easy install for short time to value

Spreadsheet Server helps you bridge the gap between your company data and insightful reports, saving time by streamlining analytic processes in a secure environment.

With the full power of Excel, Spreadsheet Server allows you to mix GL and non-GL data from multiple platforms into a single worksheet. Work with real-time data from your ERP to create financial and operational reports with the ability to drill-down into the detail.

Limited-Time Offer to Combine the Familiarity Of Microsoft® Excel® with The Power of your Epicor Data

Customers who have not used XL Connect or Spreadsheet Server previously will get 20% off the license price, or 10% off the subscription/SaaS price when buying Spreadsheet Server and paying annually. In addition, these customers can receive 20% off the implementation services delivered by Epicor directly. Must purchase between 6/1/2021 and 09/30/2021.

Customers who have not used XL Connect or Spreadsheet Server previously and registering for the Virtual Summit online event in August 2021 will get 35% off the license price, or 15% off the subscription/SaaS price and 20% off implementation services delivered by Epicor directly.

Must purchase between 8/15/2021 and 08/31/2021.

Register for the Virtual Summit using this [link](#).

Existing XL Connect Customers

For existing XL Connect customers Epicor provides an attractive, non-time limited migration program - please talk to your CAM for more information!
